Located on the second floor of McKenny Hall

We invite you to the 2026 UCiP, designed and hosted by a collaborative team of graduate and undergraduate students, as well as faculty. All presented work is by undergraduate philosophers, generating exciting and novel contributions to philosophy.

Join us for inquisitive presentations and engaging conversations. This is an excellent opportunity to meet like-minded peers, and develop a network of colleagues! Food will be provided (more details to follow), and students can receive LBC credit!
